The Office of Student Recruitment and Orientation Services is the liaison between prospective students and the University. Staff from this office arrange campus visits, and provide information to the community through various media. They also visit high schools and community colleges throughout the state and selected schools in neighboring states. These visits are used to inform potential students, educators, and parents of the educational programs and opportunities available at Weber State University.

Campus visits may be scheduled through the Office of Student Recruitment and Orientation Services by phone or by visiting our web site at weber.edu/visitcampus.xml.

Transfer Admissions Advisement

Location: Student Service Center, Room 210
Telephone/Appointments: 801-626-6050
E-mail: transfer@weber.edu
Web Site: weber.edu/transferstudents.xml

Transfer students are strongly encouraged to contact the Student Recruitment and Orientation Services Office for valuable information and assistance while making the transition from another institution to Weber State University. This office provides advisement on general education requirements. In addition, students can contact this office before taking a course from another school to determine its transferability. This service is particularly helpful for those students who plan to transfer from out-of-state schools.

Please note that this office does not advise or evaluate credits. Those types of evaluations must be done by the individual departments.

For more information visit the above Internet address or call 801-626-6050.

Refer to the Academic Calendar on page 2 of this catalog for semester dates.

Specific guidelines for international students are described on the next page.

Acceptance letters are sent to students for the academic semester indicated on their application. A student must inform the Admissions Office if they wish to begin school in a semester other than that listed on their acceptance letter.

Important: All information submitted for admission will be kept on file for one year. If applicants do not enroll within one year, the information will be destroyed.

Freshman Students

Students will be considered freshman if they meet any of the following criteria:

- Students who have never attended any college or university.
- Students who graduated from high school in the 2004-2005 school year, even if they have completed college-level course work.
- Transfer students with less than 30 semester credit hours.

Application Steps for Freshman Admission

1. Submit an application for admission.
2. Pay the $30 application fee.
3. Submit an official transcript from the high school of graduation. The transcript should be sent directly from the high school to the WSU Admissions Office.
4. Submit an official transcript from any college-level course work completed through another institution. The transcript should be sent directly from the institution to the WSU Admissions Office.

Transfer Students

Students who have attended another college or university after high school graduation, and have completed the equivalent of at least 30 semester credit hours, will be considered transfer students.

Students who have completed less than 30 semester hours will be considered freshman (see above). These students will also receive transfer credit based on the guidelines listed on the next page.
Application Steps for Transfer Students
1. Submit an application for admission.
2. Pay the $30 application fee.
3. Submit an official transcript from EACH college or university previously attended. The transcript must be sent directly to the WSU Admissions Office.

Transfer Credit
Students transferring to WSU with an Associate of Arts or an Associate of Science degree earned at any institution within the Utah System of Higher Education (USHE), will be considered as having met the WSU general education requirements. Students transferring from a college or university within the USHE after having met that institution’s general education requirements, upon certification of the registrar at that institution, will be considered as having satisfied the WSU general education requirements.

Credit for courses numbered 1000 or above for a semester course are transferable to WSU when earned at a USHE institution. Credit will be carried on the student’s transcript by WSU but may not apply towards certain degree requirements. WSU Academic Departments will determine transfer credits acceptable toward their majors.

Credit for students transferring from regionally accredited colleges and universities outside the Utah System of Higher Education will be evaluated on a course-by-course basis.

International Students
International applicants with no prior college or university credit will be considered for admission by submitting evidence of the U.S. equivalent of a high school diploma with a cumulative grade point average equal to, or above, the U.S. equivalent of 2.50. International applicants who have attended a U.S. college or university and have at least 30 semester hours will be considered for admission as a transfer student.

Application Steps for International Students
The following must be submitted at least 60 days prior to the start of the semester in which the applicant plans to enroll.
1. A completed international application for admission. (See weber.edu/intlchecklist.xml)
2. A $45 USD non-refundable application fee (check or money order payable to Weber State University).
3. An Immunization Record (insure that a health care provider signs at the bottom of the form).
4. If you have a passport, include a copy of the main page (1st page) that lists your name, address, photo and other important information.
5. A Confidential Financial Statement. Make sure that the amount of support required for one year is verified by a letter as well as a bank statement from a banking institution that says the money is available for your use. You may submit this letter and bank statement from any banking institution in the world. Please make sure that the amount being verified by the bank is listed in U.S. dollars ($).
6. Official transcripts for certificates and diplomas from all high schools, colleges, and universities previously attended. To be considered official they must either be sent directly from the school to Weber State University or be in a sealed envelope. The transcripts must show course work taken and marks earned. Please send them in the original language as well as an English translation, if appropriate.

If you wish to receive credit for college/university course work completed outside the United States, you will need to have your course work evaluated by a company that evaluates international transcripts. You may request a list of companies from which WSU will accept evaluation reports. Once you receive the evaluation report, please send or bring a copy of the report to the WSU Admissions office so that this information can be added to your student record.

If you wish to apply for a graduate program at WSU, you will need to apply for admission with the graduate program in addition to applying to the University. Your academic credentials must be evaluated to verify that you have the equivalent of a bachelor’s degree. The WSU Admissions office will notify the graduate program once your credit evaluation report is received. You will need to meet the graduate program’s admission requirements before you can be issued an I-20.

If you are transferring from a college or university within the United States with at least 30 credit hours and a 2.5 GPA or higher, you will be considered a transfer student. You will need to inform the school you previously attended that you wish to transfer to Weber State University and submit a Transfer Authorization form. If you are transferring from a school outside of the U.S., you will be considered a freshman until your credit evaluation report is received and entered into your student record by the WSU Admissions office.

A TOEFL score is not required for admission to WSU; however, if you do have a TOEFL score of 500 (173 computer based) or higher, you will not have to take ESL courses. With no TOEFL score, or with a score below 500, you will have to take an achievement test to determine your English level.

Additional Requirements
International students must attend every semester and take at least 12 credit hours each semester. All international students are required to meet with the International Student Advisor immediately after arriving on campus to receive individualized guidance (refer to Services for International Students in the Student Affairs section of this catalog). The International Student Advisor gives assistance to students in meeting U.S. Immigration and Customs Enforcement requirements concerning visas, passports, permits, permission to work, and related matters. Students are also assisted in making academic, social, and environmental adjustments to campus and community life.

International students must carry medical insurance each term.

Graduate Students
WSU offers graduate programs leading to a Master of Education Degree in Curriculum and Instruction (M.Ed.), a Master’s Degree in Accounting (M.Acc.), a Master’s Degree in Business Administration (M.B.A.), and a Master’s Degree in Criminal Justice (M.S.C.J.). Information concerning admission to these programs is located within the Jerry and Vickie Moyes College of Education, the John B. Goddard School of Business & Economics, and the College of Social and Behavioral Sciences sections of this catalog. Students should contact the Teacher Education Department at 801-626-6278, the School of Accountancy at 801-626-6897, the M.B.A. Program at 801-626-7545, or the Criminal Justice Department at 801-626-6146 for program application forms and additional information.

Departmental Admissions
For a number of programs, students must submit a separate application and fee and must meet additional admission requirements specific to that program. More detailed information is available in this catalog under the Admission Requirements listed for each program. Students should contact the academic department responsible for the program in which they are interested for more information about specific admission and/or prerequisite requirements.

The Financial Aid Program was established to assist students in achieving educational goals. The following sources of financial aid are available for eligible students:

Grants - funds that are considered gifts and do not have to be repaid if satisfactory progress is maintained.

Student Loans - funds that are loaned to students and must be repaid.

Work-Study - employment opportunities that allow students to earn funds to help pay for school.

Each form of financial aid has different regulations. The following is only a brief summary of the financial aid process. Students desiring financial aid should contact the Financial Aid Office as early as possible for guidance and assistance. Applications for financial aid need to be submitted by March 1.

General Eligibility Requirements

• Meet the admission requirements of WSU as described in the Admissions section of this catalog. (Conditional admission does not qualify for federal aid.)

• Be enrolled or accepted for enrollment in a program that leads to a degree or certificate at WSU.

• Be a U.S. citizen, permanent resident, or other eligible non-citizen.

• Be registered with the Selective Service, if required.

• Sign a Statement of Educational Purpose/Certification outlining refund and default penalties.

• Be in good standing (not in default) on any student loan, federal loan or grant. (Any previous student loans must be within the annual limits.)

• Maintain satisfactory academic standing. (See Satisfactory Progress on the next page.)

• Have a correct Social Security Number.

Types of Financial Aid Available at WSU

Grants/Gifts

Grants are gifts that do not have to be repaid if satisfactory academic progress is maintained. All grants require a minimum GPA of 2.00 by the end of the second year whether attending full- or part-time. All grants require that the student demonstrate a financial need. The types of grants available are:

Federal Pell Grant - Available to undergraduate students. Awards may range up to $4,050 per year.

Federal SEOG (Supplemental Educational Opportunity Grant) - Awarded to help undergraduates pay for their education after high school. Awards may range up to $4,000 per year.

LEAP (formerly SSIG - State Student Incentive Grant) - Available only for Utah resident undergraduate students. The maximum yearly award varies.

UCOPE (Utah Centennial Opportunity Program for Education) - Available only for Utah resident undergraduate students. Maximum yearly award varies.

Students should contact the Financial Aid Office to see if they qualify for one of these grants.

Student Loans

Loans are aid that must be repaid. The types of loan programs available are:

• Federal Student Loan Programs

  • Federal Perkins Loan (formerly National Direct Student Loan)
  • Federal Family Education Loan (FFEL)
  • Subsidized Stafford
  • Unsubsidized Stafford
  • Federal Parent Loan for Undergraduate Students (FPLUS)

• Short-Term Loans

Short-Term Loans are available for the cost of tuition and fees through a variety of sponsors.

Detailed information on loan programs is available from the Financial Aid Office.

A monthly payment plan is available through Key Education. Call KeyBank at 800-KEY-LEND or call 801-626-7004 for details.

Employment - FWSP (Federal Work-Study Program)

This program provides jobs for undergraduate and graduate students who meet the basic eligibility requirements for financial aid and demonstrate financial need. Jobs are available both on-campus and off-campus. The Career Placement Center (Student Service Center, Room 230) has a listing of all available jobs and, where possible, will help students with employment that relates to their course of study. Work study earnings are not reported as income in the application for federal aid, which makes the student eligible for more grant money.

Application Process

Students should first determine if they are eligible for financial aid. Refer to the General Eligibility Requirements. The early application deadline is March 1; this does not guarantee receipt of any specific type or types of grants. Applications received after the deadline will be processed as quickly as possible with no guarantee that the award will be ready to meet fall semester tuition and fees payment deadlines.
Application Steps

The WSU FINANCIAL AID CODE IS 003680. This code will be needed to complete your application. All applications and forms are available at the Financial Aid Office.

1. Complete the Free Application for Federal Student Aid (FASFA) or the Renewal Application (for continuing students). Students should make a copy for their records.

2. Complete the WSU Supplemental Application for Financial Aid form (available at weber.edu/financialaid).

3. Submit a copy of the student’s personal 1040 tax return, if filed, and spouse and/or parent 1040 forms, if applicable.

Special Requirements

• Married students under 24 years of age with no dependents must submit a copy of their marriage certificate.

• Students applying as Separated/Divorced or with parents who are Separated/Divorced, must also submit a copy of the Separation/Divorce Decree.

• Students who are eligible non-citizens must also submit a copy of their Alien Registration Receipt Card (forms I-151, I-551, I-1551C, or I-94 with proper endorsements).

Students are advised to apply online (see items 1 and 2 above for appropriate web sites). Applications will be completed through a Federal “needs analysis.” The ability of a student and the student’s family to contribute, as well as other resources, will determine the need for financial assistance. Students will receive a Student Aid Report (SAR) which will provide information on family contribution and financial need. To make changes to the data, students should bring the SAR to the Financial Aid Office.

When a student’s file is complete, an Award Offer will be sent to the student which will list the financial aid programs and the monetary amounts for which the student is eligible. It is important that the signed and dated Award Offer be returned to the Financial Aid Office within the specified time period. The returned Award Offer must include which awards are accepted or rejected.

Continuing students should accept their award online at weber.edu/financialaid.

An award may be canceled if the Award Offer is not returned within the specified time period.

Satisfactory Progress

Students working toward a first bachelor degree may receive financial aid up to a maximum of 189 semester credit hours. For students enrolled in a two-year degree program the maximum credit hours will be prorated accordingly.

Qualitative (Academic Standing)

In addition to the University’s standards, all students who receive financial aid must maintain at least a “C” average cumulative GPA (2.00) by the end of their second year of attendance, or after attending four semesters. Students not meeting this requirement will be disqualified from financial aid until they bring their cumulative GPA to the minimum requirement.

Quantitative (Completion Rate)

Students who receive financial aid must satisfactorily complete (receive grades other than I, T, W, UW, NC, E, or AU) a specified minimum number of credit hours based upon their award level. Any exceptions to this requirement must be approved by the Financial Aid Committee. Only cases resulting from mitigating circumstances will be reviewed by the committee.

Eligibility Status

Students who receive financial aid and are under the minimum number of credit hours required by their award level will be put on probation or suspended from receiving financial aid based on the following:

• Probation: 1-7 deficit hours

Students on probation are also placed on a satisfactory progress contract and their performance monitored each semester until the deficiency is corrected. While on probation, students must reduce the number of deficit hours by at least two credit hours each semester. Students may be on probation for a maximum of two consecutive semesters. If all deficit hours are not made up within the two semesters, the student will be disqualified from receiving financial aid.

• Suspension: 8 or more deficit hours

Suspension will also occur if a student has been on probation and not corrected the number of deficit hours after two consecutive semesters. Students who are suspended will be sent information regarding the appeals process.

Students may also enroll in the summer term without using financial aid in order to make up deficit hours.

Credit hours transferred from other colleges/universities will be included in the total hour eligibility for satisfactory progress whether or not financial aid was received at the other institution(s).

If students change their program of study, credit hours completed for the previous major or majors will still be included in the total number of hours for financial aid eligibility even though the credit hours may or may not satisfy program requirements for the new major.

Appeals & Reinstatement of Aid

Students disqualified from financial aid can regain eligibility by making up deficit hours without using financial aid and/or by bringing their cumulative GPA to at least 2.00.

Appeals for an exception from satisfactory progress requirements may also be made to the Financial Aid Committee.

Refunds and Repayments

Students who officially withdraw from school no later than the ninth week of the semester may be entitled to a proportionate refund of tuition and fees. All refunds and repayments are returned to the federal program from which they were paid, provided that the student is determined according to the federal rules of Title IV funds policy.

Students who withdraw completely from school may be required to repay a portion of the money received for living expenses. These students should contact the Financial Aid Office for more information.

Student Expense Budget (Cost of Attendance)

The cost of attending Weber State University includes direct educational costs such as tuition, fees, books and supplies, as well as living costs such as room and board. Following is a table that gives an approximate budget for students attending the 2004/2005 fall and spring semesters. Students should use this only as an estimate when planning their education expenses.

Registration Appointments

• Registration appointments are issued to new and continuing students the week before registration begins each semester.

During this week students may obtain a registration appointment by accessing the Internet at weber.edu (click on 'current students' and then log in with your Wildcat e-mail username and password).

• Students are assigned a registration appointment time on the basis of the total number of credit hours they have completed.

First Registration Phase

(Registration by Appointment)

• During this registration phase, students may register starting at their appointed time.

• On their assigned day and appointed time, students should access the registration system on the Internet at weber.edu (click on 'current students' and then log in with your Wildcat e-mail username and password).

• Billing statements for tuition and fees are mailed following the first registration phase, and students may pay by mail, by credit card or on-line to avoid lines at the cashier's windows.

• Refer to weber.edu/accounting/cashiers to obtain information about payment deadlines.

• Courses will be dropped if payment is not received by the posted deadlines.

Second Registration Phase

(Open Registration)

Once appointment registration is complete, "open registration" continues and all students are allowed access to register and/or make changes to their class schedules on a first-come-first-served basis.

• During the second phase of registration, all students may register or make changes by accessing the registration system on the Internet at weber.edu (click on 'current students' and then log in with your Wildcat e-mail username and password).

• Billing statements will not be mailed following this phase. Students who register during "open registration" must pay in person at the cashier's windows, or by credit card, by the posted deadlines.

Late Registration Phase

• Students may add and drop classes via the Internet or at the registration windows (main campus, Davis campus, West center and Morgan center) during the first and second registration phases and during the first week of the semester.

• During the second week of the semester, students may drop classes at the registration windows at their own discretion, but classes can only be added with instructor approval.

• Classes may also be dropped during the third week of the semester, but they may not be added.

The deadlines for adding or dropping courses during the summer term will vary.

Closed Classes

• Only academic departments and instructors have the authority to admit students to closed classes.

• Students may contact the individual department and/or the instructor for specific procedures regarding admission to closed classes.

Credit/No Credit (CR/NC) Registration

• Students may choose to register for a class on a credit/no-credit basis within the following guidelines. (These restrictions do not apply to courses which are offered only on a CR/NC basis as listed in the course description.)

• Students who have completed less than 30 credit hours may register for only one CR/NC class per semester.

• Students who have completed 30 or more credit hours, and a cumulative GPA of at least 2.00, may register for a maximum of two CR/NC classes per semester.

• The CR/NC option may be selected via the Internet or in-person at the registration windows during all phases of registration, i.e., through the first week of the semester, or a course may be changed to CR/NC within the first nine weeks of the semester at the registration windows in the Student Service Center on the main campus, or at the Davis campus, West center or Morgan center. The deadlines for the summer term will vary.

Phase Note

• CR/NC courses do not count toward general education or major/minor requirements.

• A maximum of 20 hours of CR/NC courses may be applied toward graduation.

• Credit (CR) will be recorded for earned letter grades of C- and above.

• No Credit (NC) will be recorded for grades below C-.
• Students who stop attending a class for which they have registered CR/NC, without officially withdrawing, will be given an NC grade entry for that class.
• Students who later change their program of study and need a letter grade for major or minor requirements may petition through the Registrar's Office for a CR to be changed to a letter grade.

Audit Course Registration
• Students may register to attend a class on an "audit" basis, i.e., without earning credit or a grade, if there is space available in the course.
• A course may be selected for audit during registration or changed to audit within the first nine weeks of the semester with the consent of the instructor.

The deadlines for the summer term will vary.

Please Note:
• Audit students failing to attend class may be issued a withdrawal (W) at the discretion of the instructor.
• Tuition and fees must be paid according to the current schedule.
• Some courses are not open to audit registration.
• Senior Citizens (Utah residents ages 62 and over) may audit a course for a $10.00 fee per semester, on a space available basis, by applying at the Admissions Office.

Registration Credit Hour Loads
• It is recommended that undergraduate students planning to graduate with a bachelor's degree in four years, register for at least 15 credit hours per semester.
• Undergraduate students are classified as full-time if they register for 12 or more credit hours, as three-quarter time with 9 credit hours, and as half-time with 6 credit hours.
• Graduate students are classified as full-time if they register for 20 credit hours or more credit hours, and half-time if they register for 5 or more credit hours.

Overload Registration
• Students may register for a maximum of 20 credit hours without special permission.
• Students with a cumulative GPA of 3.50 or better may petition for a maximum of 24 credit hours, and students with a cumulative GPA of 3.75 or better may petition for additional credit hours. Petition forms are available from academic departments or the Registration Office.

Petition forms are available from academic departments or the Campus Registration Office.

Withdrawing of Credit
• Students may drop classes via the Internet or at the registration windows (main campus, Davis campus, West center and Morgan center) through the end of the first week of instruction. To drop courses after the first week of school students must contact the Registration Office. Courses dropped during the first three weeks will not appear on the transcript.
• From the fourth through the ninth week of the semester, students may withdraw from individual classes by completing a "Withdrawal from Class" form and submitting the completed form to the Registration Office. Courses dropped during this period will appear on the transcript with a "W" notation.
• Students may completely withdraw from the semester by dropping all classes at the Registration Office or at the Davis Campus up to and including the last day of the ninth week of the semester. A "Complete Withdrawal" form must be completed. The notation "Registered and Withdrawn" will appear on the transcript of students who completely withdraw after paying tuition and fees.

Credit hours that do not count toward the 170 hours are concurrent enrollment, advanced placement, and credit by examination. Individuals are also exempt from the surcharge if:

- the credits are necessary for the student to complete the student’s program of study; and the excess credits are a result of circumstances where a substantial number of credits from a transferring institution could not be applied to the program of study;
- the excess credits are a result of a reasonable enhancement of the student’s major by the addition of a minor or emphasis to the program of study; or
- the excess credits are the result of a re-entry into the educational system by a student who may have accumulated a large number of credits, or even completed degrees, but where employment requirements obligate his or her return to college.

More information is available on the Internet at weber.edu/surcharge.xml or by contacting the Registrar’s Office at (801) 626-6046 (SC 201).

### Payment Schedule

- Payment deadlines are listed on the Internet at weber.edu/accounting/cashiers
- Tuition and fees may be paid by cash, check, VISA, Discover, or Mastercard
- A tuition payment plan is available to help students who are not able to pay in full when tuition is due. Instead of one large payment, tuition is broken down into equal monthly payments.
  - Key Education will be available fall and spring semesters. Call KeyBank at 800-KEY-LEND or call 801-626-7004 for details.
  - The WSU Loan Office will be offering payment plans all year, including summer semester. Call 801-626-7004 for details.

**Note:** Students must make arrangements to participate in a tuition payment plan at least 2 months prior to the beginning of each semester.

### Developmental Course Fee

Students who do not meet the requirements for enrollment in English EN1010 and Math QL1030-QL1080 (see Placement on page 13) will be charged an additional fee for each semester they are enrolled at WSU until these requirements are met. Further information is available from Academic Support Services, Student Service Center Room 160 (telephone 801-626-7847).

### Course (Lab) Fees

Some courses require additional fees for materials and/or resources.

### Refunds

The refund schedule is set by the Utah State Board of Regents

### Surcharge

In 2003 the Utah State Board of Regents passed a policy designed to encourage students to make reasonable progress toward completion of degree requirements. The policy states that students who exceed 135% of the credits required for completion of their baccalaureate degree will be charged the full cost of instruction. For example, a student whose program of study requires 126 semester credit hours will be allowed a maximum of 170 semester hours in which to complete degree requirements (126 credits x 1.35 = 170 credit hours). Any work beyond the allowed 135% will be charged at the full cost of instruction which is an additional $60 per credit hour.
