

## ARTS AND HUMANITIES

**Dr. June K. Phillips, Dean**

The College of Arts and Humanities offers comprehensive programs encompassing the visual and performing arts, languages, literature, and communications. The programs of the College are designed to help students gain a thorough understanding of their cultural and aesthetic heritage and to prepare them for employment opportunities that will take advantage of the special skills developed through rigorous study of the humanities. The educational and cultural programs of the departments are available to both major and non-major students.

The curriculum of the College of Arts and Humanities is enriched by special lectures, exhibitions, dramatic and musical productions. Many nationally known artists perform each year before audiences drawn from the campus and the community.

### WEBER STUDIES:

**An Interdisciplinary Humanities Journal**

**ISSN:** 0891-8899

**Editor:** Mr. Brad Roghaar

**Location:** Library, Room 228

**Telephone:** 801-626-6473

Instituted in 1984, this interdisciplinary humanities journal is published tri-quarterly in January, May, and September under the auspices of the College of Arts and Humanities. Indexed in leading indexes in the humanities and social sciences, the journal has a nationally reputed editorial board. Annual subscription rates: $10.00 individuals; $20.00 institutions; $7.00 single back issues.
Communication is a dynamic process that plays a complex and profound role in shaping both individuals and society and is vital to the free exchange of ideas central to a democratic society. The Weber State University Department of Communication seeks to promote an understanding of this process and the effective and ethical practice of human communication by focusing on how people create and use messages to generate meanings within and across various contexts, cultures, channels and media, including those delivered through technology. WSU Communication Department curricula and programs are grounded within a liberal arts tradition and designed to help students live vital and successful lives in an ever-changing global environment.

The curriculum for the major is designed to provide a liberal arts-based study of human communication combined with a course of study which prepares graduates for entry-level employment in Communication and Communication-related careers. The major also serves to prepare students for graduate study in Communication and related disciplines. The Department is committed to enhancing student learning through required internships and through co-curricular opportunities afforded by our student-operated newspaper, the Signpost, our student-operated radio station, KWCR-FM, student-produced news program, Weber State News, and by our nationally prominent intercollegiate forensics program.

Communication majors may select one of six interdisciplinary concentrations: Civic Advocacy, Electronic Media, Interpersonal & Family Communication, Journalism, Organizational Communication and Public Relations & Advertising. A Communication Teaching Major with concentrations in either Communication Studies or Journalism also is available. Depending upon future plans, individual needs and preferences, students may earn the Communication major as either a Bachelor of Arts or a Bachelor of Science degree.

The Communication minor and the Bachelor of Integrated Studies Concentration in Communication (BIS) are designed to provide the student with knowledge and skills in Communication that complement the student’s major or other concentrations of study. These curricula, characterized by both required and elective upper division course work after completion of a required core, also are designed to complement the student’s overall program of study and to be compatible with the student’s career goals.

In addition to emphasizing knowledge, understanding and demonstrated competence in the skills of human communication, curricular and co-curricular programs emphasize the development of character in our students. Accordingly, Department faculty discourage symbolic expression that demeans and degrades other human beings and encourage symbolic expression that celebrates the fundamental dignity of all human beings.

Obsolete Credit
Credit earned more than ten (10) years earlier than the proposed date of graduation will not be accepted for the major, minor or BIS concentration in Communication unless validated through a challenge examination or department chair approval.

Cocurricular and Extracurricular Activities

Scholarships
Activity scholarships are available to WSU forensics competitors and to Signpost, KWCR-FM and Weber State News staff members. Contact the department office at 626-8924 for more information.

Professional and/or Honorary Organizations
Communication students are encouraged to join one or more of the professional and/or honorary organizations affiliated with the department. Memberships in these organizations provide students with opportunities to meet and network with Communication professionals, learn about employment opportunities in the field of Communication, and participate in practical experiences relevant to future employment. Forensics
Participation in intercollegiate forensic activities is conducted in conjunction with the instructional program in debate, public speaking, and oral interpretation of literature. Students take active part in regional and national forensic meets under the direction of the debate coach.

High School Speech and Debate Contests
The Department of Communication hosts the annual Weber State Leland H. Monson High School Debate and Individual Events Tournaments each year. Now in their eighth decade, these tournaments attract hundreds of competitors from Utah and neighboring states. A generous grant from the Keystone Foundation supports speaker awards for outstanding students.

Signpost
Journalism students have the opportunity to work on the Weber State student newspaper, Signpost.

Weber State Broadcasters
Students practice and develop their knowledge and resumes by joining Weber State's student-run media operations
- Radio station KWCR-FM 88.1 broadcasts music, local sports, news and specialty programs. Spanish-language programming every Sunday serves as an important connection to the Hispanic community.
- Weber State News serves as the only local television newscast for Weber and Davis counties. The student crew produces two newscasts each week.

### INTERPERSONAL & FAMILY COMMUNICATION INTERDISCIPLINARY CONCENTRATION (45 CREDIT HOURS)

The goal of the Interpersonal and Family Communication Interdisciplinary concentration is to understand, explain and improve our friendship, marriage, family and other meaningful long and short-term interpersonal relationships. This field of inquiry establishes communication as the central enabling feature or framework through which persons function, create and share meaning, sustain identities and negotiate their relationships with each other and the rest of the world. This interdisciplinary program of study is designed to produce scholars who understand the complex, dynamic and vital processes of relational living as well as individuals who are able to enrich and strengthen their own intimate and family relationships.

The Department of English Language and Literature offers a broad spectrum of language, literature and writing courses. English majors and minors, English teaching majors and minors, English majors with professional and technical writing emphasis and professional and technical writing minors, and English majors with creative writing emphasis, in consultation with English department advisors, can select programs individually designed to satisfy academic requirements. Furthermore, students preparing for careers in law, medicine, business, public relations and government service may find departmental courses highly beneficial. In addition, the Department of English has designed several courses essential to the general student, including programs in Introduction to Writing and English as a Second Language. Students transferring to Weber State as English majors, with most of their junior and senior status completed, are required to take a minimum of 9 upper division credit hours, minors a minimum of 6 upper division credit hours. This requirement also applies to transfer graduate students.

**English Composition Requirement**

Students seeking the Associate of Applied Science degree must pass English EN1010 with a “C” grade (2.0) or better in order to satisfy the Composition requirement. Students seeking any other degree must pass both English EN1010 and EN2010 with “C” grades. Students placed in developmental English courses ND0900 and ND0955 must also pass those courses with “C” grades or higher. Please note that English composition courses, whether developmental or not, are sequential and cannot be taken out of numerical order.
English Placement

Students are placed in the English developmental/composition sequence of courses either by ACT sub-scores or by ACCUPLACER scores.

*ACT scores in English and Reading do not expire.

Note: ENGL ND0960 does not satisfy the Developmental English Requirement for students admitted to Weber State University after Fall Semester 2005. Students admitted after Fall Semester 2005 who take ENGL ND0960 will still be required to take ENGL ND0900 and/or ENGL ND0955, depending on their English placement.

- create a specific academic program
- obtain a broad liberal education
- prepare for particular career goals and/or graduate school

To accomplish these general outcomes, the B.I.S. student completes course work in three different disciplines. As a culminating experience, the student then synthesizes the three disciplines in a capstone project. For information about the requirements of the B.I.S. Program, look at the B.I.S. web site at weber.edu/bis/.

Program Prerequisite: Enroll into the B.I.S. Program with an interview with the B.I.S. Program Coordinator, Dr. Judy Elsley, who is located in the Academic Advising suite of offices in the Student Services Center. ### DEPARTMENT

**FOREIGN LANGUAGES & LITERATURES**

Chair: Dr. Gary Godfrey  
Location: Building 1, Room 111  
Telephone Contact: Karlene Morris 801-626-6183  
Professors: Erika Daines, Gary M. Godfrey, Thomas J. Mathews, Robert Mondi, Tony Spanos, Jeffery D. Stokes, Wangari wa Nyanet-waigw; Associate Professors: Yumi Adachi, Craig Bergeson, Alicia Giralt, Cheryl Hansen, Eva Szalay; Assistant Professor: David L. Nelson; Instructor: Michael Cartmill

The Department of Foreign Languages and Literatures offers courses in language, literature and culture that enable students to complete various institutional requirements. We prepare students to function effectively in a foreign language while gaining an understanding and appreciation of humanistic ideals and values. Mastery of a foreign language is the hallmark of a world citizen.

A bachelor of arts degree is offered. Students may select a regular major, a teaching major or a major with a commercial emphasis in French, German or Spanish. Regular and teaching minors are offered in these three languages as well. In addition, a Japanese minor is offered, and the department participates in Asian Studies and Latin American Studies minors and in a departmental Honors Program. A language emphasis for the BIS degree requires a minimum of 18 hours, 15 of which must be upper-division course work. Courses in other languages may be offered as needed and resources allow. The curriculum is based on a National Standard for measuring proficiency. Each course is designed to foster linguistic skills and to increase the students' ability to participate in the culture.

### Foreign Language Requirement for the Bachelor of Arts Degree

The Bachelor of Arts degree will include a foreign language or ASL (American Sign Language) requirement which may be met by one of the following:

1. Documentation of a proficiency level of “Intermediate Low” or better through an examination administered by the WSU Foreign Language Department or through an examination by a recognized testing agency.
2. Completion of WSU foreign language course 2020 with a grade of “C” or higher, or comparable transfer credit.
3. Completion of any upper-division WSU foreign language course with a grade of “C” or higher, or comparable transfer credit.
4. Students for whom English is a second language may meet the B.A. foreign language requirement by verifying their proficiency in their native (non-English) language in cooperation with the Foreign Language Department and verifying their proficiency in English as a Second language by passing the ESL Special Examination.
5. Documentation of a minimum proficiency level in American Sign Language through an examination administered by the American Sign Language/Interpreting program at Salt Lake Community College (SLCC). The signer must “produce and maintain American Sign Language with continuity and precision.”
6. Completion of SLCC’s American Sign Language Course ASL 1050 with a grade of “C” or higher, or comparable transfer credit.

### Obtaining Foreign Language Credit for Prior Language Experience

Students with prior language experience may obtain lower-division foreign language credit by completing one of the following options:

1. Students may obtain credit for 1010, 1020, HU2010 and 2020 by passing a higher numbered course with a minimum grade of “C” or better through examination.
2. Students may obtain credit for 1010, 1020 and 2020 through examination, but only in those languages in which the Department of Foreign Languages and Literatures has expertise (usually limited to French, German, Japanese and Spanish). This examination is administered regularly by the department. Credit for Humanities General Education (HU2010) cannot be obtained through examination.

Upon payment of a nominal fee, hours earned through either option are recorded as “credit” on the transcript and do not affect the student’s GPA. The department may accept results from other foreign language testing agencies as evidence of proficiency. Application for credit is to be made at the office of the Department of Foreign Languages and Literatures.

FOREIGN LANGUAGE COURSES

ORAL PROFICIENCY REQUIREMENTS

The American Council on the Teaching of Foreign Languages (ACTFL) has defined a scale for the evaluation of the language proficiency of students. The ACTFL Proficiency scale has four levels: Novice, Intermediate, Advanced and Superior. The Department of Foreign Languages requires that students achieve a determined proficiency level, depending on the students’ goals. In addition, instructors assume that students entering any class have acquired the entry-level proficiency indicated for that class. These levels are indicated in parentheses following the description of each course on the following pages: N=Novice; NH=Novice High; IL=Intermediate Low; IM=Intermediate Mid; IH=Intermediate High.

Novice (N)

Students at this level have no experience in the language they are studying. They begin by learning the sound and spelling system and by memorizing words and phrases. During the course, they will progress to the point of being able to create simple sentences, to ask some questions, and to initiate, sustain and conclude simple social tasks more than half of the time.

Novice High (NH)

At the Novice-High level students progress from the ability to respond simply with learned utterances to the ability to create language face-to-face, to ask and answer simple questions, and to create sentence-level constructions.

Intermediate Low (IL)

At the Intermediate-Low level students continue to build mastery of personal social-oriented informational tasks and move to a higher level by practicing informational tasks beyond the immediate and personal. Students will move from simple-sentence to more complex-sentence level discourse. They will practice narration, description and comparison but mastery is not expected.

Intermediate Mid (IM)

Students at this level build on an ability to perform informational tasks beyond immediate and personal needs while they continue to practice narration, description and comparison. In addition, students begin practice in supporting opinions and hypothesizing in the language. They move from complex sentence-level structures to paragraph-level discourse.

Intermediate High (IH)

At this level students can function at the Advanced level most of the time. They still need practice narrating, describing and comparing, and Linking sentences together smoothly. In addition, they encounter more tasks that require them to support opinion and to hypothesize. Students progress from complex sentences to paragraphs to extended discourse.

Location: BC 331
Telephome Contact: Georgene Ady 801-626-6437

The Department of Performing Arts program at Weber State is based on five primary purposes: 1) to develop aesthetically aware and artistically discriminating citizens; 2) to provide opportunities for all students to participate in creative, artistic experiences and to encourage community members to participate in the performing arts; 3) to develop artistic competence and sensitivity; 4) to provide for career development in the arts through the preparation of teachers, performing artists, scholars, and technical specialists; and 5) to expose students and community members to classic and contemporary works in all genres of the performing arts and to continue to provide the finest possible performances in the arts.

The department's degree programs prepare students for professional careers in teaching and performance as well as in technical specialties while providing the liberal arts background necessary for graduate study. In the department's Performing Arts Series, students and faculty participate in professionally produced dance, musical, and theatrical events.

DANCE AREA

The primary goals of the Dance area of the Department of Performing Arts are: 1) To develop aesthetically aware and artistically discriminating citizens; 2) To promote cultural understanding of ourselves and others through the study of dance; 3) To encourage appreciation of dance through critical thinking; 4) To provide opportunities for students and community members to participate in a range of dance experiences; 5) To foster an understanding of and engagement in the creative process in dance performance, improvisation, choreography, teaching and collaborative endeavors; 6) To provide the guidance class work, and experience necessary to prepare teachers, performing artists, and scholars; 7) To prepare students for careers or
professional schooling fields that require creativity, collaboration, and an understanding of human experience as explored in the study of dance; 8) To provide rigorous dance training.

Dance majors follow a program based on growth beginning with foundational theory courses, technique courses appropriate to each dancer's ability, and a culminating senior project.

Two departmental minors are offered: 1) Dance: Performance and Choreography; and 2) Dance Teaching. Dance minors follow a program that provides for study in technique, creative and theoretical coursework. A minimum of eighteen (18) credit hours (GPA of 2.25 or better) must be completed in the Dance Area courses.

Dance Teaching minors must complete a minimum of eighteen (18) credit hours (GPA of 2.25 or better) from the Dance Area courses. H. No junior or senior recitals may be presented during the last week of classes prior to the end of any semester.
I. All students must complete a recital approval form for junior or senior recitals. The recital form must be completed and signed by the music advisor and applied teacher prior to scheduling any required faculty preview performance.

THEATRE ARTS AREA

The Theatre Arts area of the Department of Performing Arts provides scholarly, creative, collaborative and practical theatre experience for students.

The objectives of the program are to: 1) Encourage participation in and appreciation of theatre and drama; 2) Foster creativity and develop technical skills in acting, directing, costume, scenic design, script writing and theatre management; 3) Prepare students for
careers or professional schooling in those fields that require strong presentational skills, creative problem solving, effective collaboration, and an understanding of human experience.

As shown in the figure below, theatre students must complete a sequence of formal course work that includes University general education, core theatre courses, and focus or specialty courses. Formal course work is complemented by a sequence of experiential learning opportunities in the theatre. Students and faculty develop individualized programs of course work and practical experience, including a junior seminar, annual juries, portfolio preparation, various practicums, and opportunities for individual theatre projects.

Study of theatre provides students with useful tools to contribute to and make positive changes in society. Theatre students learn about diverse historical eras, communities and technologies. Theatre challenges students to be creative and to translate that creativity into applied processes – to think precisely, speak confidently in public, work productively with others, visualize abstract concepts and represent those concepts concretely. Theatre skills are useful in a variety of professions including, but not limited to, business, government, law, journalism, and public relations.

**Major Requirements**

The department offers Bachelor of Science (B.S.) and Bachelor of Arts (B.A.) degrees in Musical Theatre, Theatre Arts, and Theatre Arts Teaching. A minimum 62 course units (2.0 or better GPA) of courses in the combined areas of Dance, Music, and Theatre are required to qualify for the Musical Theatre Major. A minimum of 38 course units (2.0 or better) of Theatre Arts courses must be completed to qualify for either the Theatre Arts or Theatre Arts Teaching programs.

Teaching majors must also satisfy all requirements for the Certification Program as outlined by the Department of Teacher Education. Teaching majors may choose either B.A. or B.S. degree.

A $320 Applied Music Fee is charged to Theatre Arts Area majors and minors enrolled in 2651/4651 Individual Training in Stage Voice. These lessons are 45 minutes in length. A limited number of slots are available for students registering for these lessons.

**Performance Opportunities**

Involvement in theatre productions is an important part of the Theatre program. The Weber State Theatre produces a full season of plays in the Monson, Allred, and Austad theatres of the newly remodeled Browning Center. Theatre facilities include a variety of prosenium and flexible staging situations. Students are given first priority in all department productions.

The theatre season is offered by the Department of Performing Arts as part of the Performing Arts Series. Because the season is generously supported by the Associated Students of Weber State through student fees, students receive substantial discounts for performances.

In addition to performance opportunities at Weber State, theatre majors are encouraged to seek summer employment in stock or repertory companies relating to their interests.

**The Utah Musical Theatre**

Utah Musical Theatre (UMT) is a professionally based, educationally founded and community supported stock theatre serving the artistic and cultural needs of Northern Utah. UMT seeks to preserve and advance the musical theatre genre as well as expand its audience in both theatrical scope and artistic integrity. UMT strives to serve the community by entertaining, enlightening and celebrating the best of the human spirit.

UMT provides the focal point for exciting summer theatre in Northern Utah. National theatre artists, staff and crew including faculty and student participants are selected through auditions and interviews.

Our world is partially understood through smell, taste, sound, and touch. But perhaps most of all we make sense of our environment through what we see. The art, architecture, mass media and even the furniture in our spaces bear distinct messages that influence our decisions and enrich life.

Creative processes are exciting. Students of art and design contribute new expression to the vitality of our visual environment and learn to interpret what is seen through trained observation. Innovative thinking is absolutely necessary for success and must be balanced against research and critical judgment. Emphasis is placed on writing and the critical evaluation of artistic products. Students gain experience at preparing exhibits and portfolios for eventual professional activity.

Studies in art and art history offer windows of understanding to other cultures, both past and present. This is one of our primary concerns in preparing citizens for productive relations in an increasingly multicultural society.

Seventy different courses are offered by the Department of Visual Arts. These span traditional areas such as art history, art teaching, ceramics, drawing, small metals/jewelry, painting, photography, printmaking, sculpture, and visual communication. The department is continually expanding into emerging modes of expression involving digital video, animation, interactive design, and sound. Classes are enhanced by public lectures, seminars, workshops and special sessions by critics, historians, and visiting artists.

Weber State University supports three Bachelor's degrees in the visual arts with specializations in most of the areas mentioned above. The Bachelor of Science and Bachelor of Arts degrees provide a broad liberal arts background, a solid base for many careers or further study. The Bachelor of Fine Arts degree is more professionally focused with high concentrations of studio art and art history. The BFA is for students who wish to move directly into professional work in art or design, or those who intend to pursue graduate study in the visual arts. Senior exhibitions are required for most Bachelor of Fine Arts majors.

The Elizabeth Dee Shaw Gallery exhibits art that exemplifies the ideas and values of the curriculum. This serves our students and the public interest as well. Exhibitions involving regional, national, and internationally recognized artists serve a vital role in the cultural life of the community. The Gallery organizes at least six exhibitions each year. All are free and open to the public.

**Transfer of Credits**

Transfer students must present an official transcript and a portfolio to petition course substitutions for visual arts program requirements. A minimum number of departmental residency hours is required for completion of degree programs: 18 credit hours for the B.F.A., 12 hours for B.S. and B.A. programs, 6 hours for minors.

The University requires students seeking a second baccalaureate degree to complete a full year in residence and a minimum of 30 total credit hours.

**Foundation Courses Required for All Art Majors (27 credit hours)**

The following are required for all B.A./B.S./B.F.A. majors and should be complete by the end of the sophomore year.

Studio Foundation courses are offered Fall and Spring semesters. Look for an "F" or an "S" at the end of Art History and advanced studio course titles to see when they are usually offered. An "e" or an "o" indicates that the course is offered only in even or odd years. Course offering schedules may change. Consult the current course schedule for the latest information. The 1000 level courses should be taken during the freshman year.
