Interested students will find many ways to become involved. An array of programs and activities are planned to appeal to every student. Listed below are the areas of WSUSA:

The Judicial Branch of WSUSA is known as the Student Advocate Council. All judicial power is vested in the Supreme Court of WSUSA. The Supreme Court has the power to interpret the WSUSA constitution upon petition, to determine the constitutionality of all legislation passed by the WSUSA Senate upon petition, and to perform any other judicial functions.

DEAN OF STUDENTS

Location: Student Service Center, Suite 151

The Office of the Dean of Students is committed to assisting each student to become a successful member of the Weber State University community. As a means of supporting this mission, the Dean's office is responsible for Student Judicial Affairs.

The Student Judicial Affairs process is designed to:
- assist in the development and education of students
- promote mutual respect within the University community
- contribute to maintaining a safe campus environment
- provide a process for tracking repeated incidents of student code violation

The vast majority of issues can be resolved at an informal level. Informal resolution of grievances is strongly encouraged. If satisfactory resolution is not achieved through informal means a more formal process may be pursued. Informal or formal resolution may be sought through the academic department, the college system, the Dean of Students Office, or the Due Process Officer.

The WSU Student Code can be found online (weber.edu/ppm), WSU Policy and Procedures Manual section 6-22.
