1. The meeting convened at 8:00 a.m.

Minutes
2. The minutes from the August 31, 2009, meeting were approved with changes.

Consent Calendar
3. The following Consent Calendar item was approved

(Early Retirement Requests)

Colleen Elwell Huerta, Total Early Retirement, beginning December 31, 2009.

Mary Quiroz Whisler, Total Early Retirement, beginning December 31, 2009.

Multilingual Weber Pages
4. VP Ellis advised President’s Council that the Hispanic Chamber had suggested that WSU web pages be available in Spanish. He then demonstrated how Google will translate web pages into many different languages. VP Mortensen suggested that the Web Management team look at this capability.

H1N1 Planning
5. Provost Vaughan reported that many faculty are willing to accommodate sick students. He suggested that because of differing expectations in what people think they are entitled to, it might be advisable to craft language that clarifies what the university’s obligation is in regard to delivery of instruction.

President’s Council also discussed accommodations for faculty and staff during a flu outbreak. President Millner stated that a lot of supervisor review and discussion of expectations will be required and should be handled on an individual basis.
VP Tarbox will follow-up on availability of the H1N1 vaccine. Provost Vaughan will work with university counsel about communicating with students that during extraordinary situations the university can make changes.

Shuttle Bus 6. VP Tarbox reported that the university needs to acquire two more small buses. He will purchase one of the buses from his budget and would like the university to purchase the second bus.

President Millner asked that someone walk the route from the Social Science building and Elizabeth Hall to the bus stop at 9:00 pm and make sure the lighting is adequate.

President’s Council approved the purchase of the two additional small buses.

Kevin Hansen, Associate Vice President for Facilities & Campus Planning, reviewed with President’s Council a draft of the university’s Climate Action Plan. The plan outlines the approach and actions needed to reduce greenhouse gas, particularly carbon dioxide, so the university can eventually become “carbon neutral.”

VP Tarbox reported that TIAA CREF has agreed to provide four Vanguard funds. He has asked them to also provide an actively managed fund. The funds will be available to employees in approximately 30-45 days.

VP Winniford provided an update on university housing. The only area that has unused capacity is married housing, where there are three unleased spaces.

Forrest Crawford told President’s Council that planning for the Diversity Conference in October is progressing.

Provost Vaughan reported that preliminary enrollment numbers indicate WSU enrollment is up approximately 10.3%.

The next meetings of President’s Council will be as follows:
